# Social Media Platforms & Safety Guidance

## TWITTER

Twitter is a fun space to share short messages in a fast-paced environment. You are able to share messages containing 140 characters along with an image. You can use hashtags on works that are most relevant to your messages. Try tweeting reminders of how many weeks or days there are left to buy Girl Scout Cookies!

## FACEBOOK

Facebook is a popular space to share engaging graphics with catchy messaging. On Facebook, limit your use of hashtags to two or less in a post. Try setting up a virtual cookie booth and start a Facebook Live to use your business skills in real time!

## INSTAGRAM

Instagram is a great space to share eye-catching images with followers in a creative way. You can use 7-10 hashtags on Instagram to make your post more searchable. On important dates, like the start of the cookie program, take over Instagram stories to capture people's attention.

## SAFETY AND GUIDANCE

The Girl Scout Cookie Program is a girl-led program and online marketing and sales efforts should always be led by a girl while also being supervised by her parents or caregivers. Be sure your girl has taken the [Internet Safety Pledge](#) before engaging on social media.

## WHERE CAN I PROMOTE?

Wondering where you can you promote each link? This table shows you where and where not to post:
